WHERE YOUR LIFE AND MINISTRY COUNTS FOR CREDIT

PRESIDENT'S MESSAGE

Dr. Karen Drake: President

CALL TO ACTION! Join Us November 8th – 10th in Phoenix, Arizona
 For the 2023 Eagle Forum! Unite with other world-renowned Christian Leaders, Educators, Authors, Prophets, and powerful men and women of God to exchange ideas, share in open discussion, and express what God is telling you. Christian Leaders are responsible for breaking the cycle of apathy, complacency, and dependence. The World is looking to us for the answers!
Psalms 33:12 - Blessed is the nation whose God is the LORD; and the people whom He hath chosen for his inheritance.
Isaiah 60:12 - For the nation and kingdom that will not serve thee shall perish; yea, those nations shall be utterly wasted.

America Must Return to One Nation Under God!
It is the only way to break Satan's grip and reverse this 200-year curse!

Alexander Tyler, a Scottish History Professor at the University of Edinburgh, said this about the fall of the Athenian Republic 2,000 years ago: "A democracy is always temporary in nature; it simply cannot exist as a permanent form of government." A democracy will continue to exist until voters discover they can vote for generous gifts from the public treasury. From that moment on, the majority always votes for the candidates who promise the most benefits from the public treasury, with the result that every democracy will finally collapse due to loose fiscal policy, which is always followed by a dictatorship. The average age of the world's greatest civilizations has been about 200 years since the beginning of history. During those 200 years, those nations always

progressed through the following sequence:

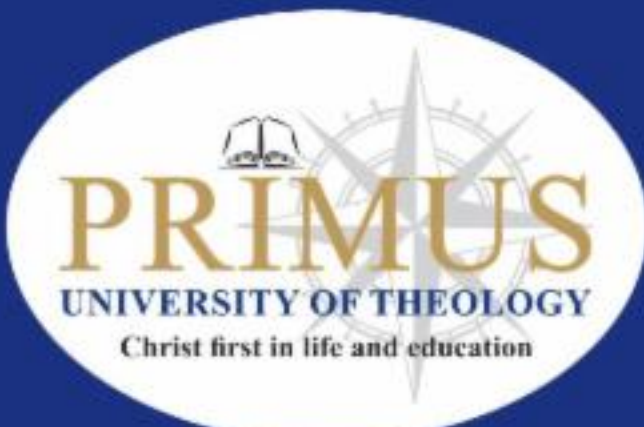

- From bondage to spiritual faith;
- From spiritual faith to great courage;
- From courage to liberty;
- From liberty to abundance;
- From abundance to complacency;
- From complacency to apathy;
- From apathy to dependence;
- From dependence back into bondage.
